## **MSI Study Day 2019**

**Monday 8 April 2019**  
**Touchbase Pears Centre**  
**750 Bristol Road, Selly Oak, Birmingham B29 6NA**

**This special event is designed for professionals directly involved in the education of young children and young people with multi-sensory impairment.**

**The programme will include:**

- **Updates on new developments**, including short presentations on new work
- **Networking** opportunities with colleagues
- **Information** about resources and networks available for support throughout the year

We plan to make the day low-cost to help professionals attend.

Please remember the event when planning performance management objectives!
